

EXECUTIVE BIOGRAPHY

Chris Jones

Senior Systems Engineer and System Safety Engineer

The SAS Family of Companies:

- Special Aerospace Services, LLC
- SAS Flight Factory, LLC

Christopher S. Jones is a Senior Systems Engineer and System Safety Engineer for Special Aerospace Services (SAS), LLC. in Boulder, Colorado. In his role, Mr. Jones supports multiple clients, including United Launch Alliance (ULA) where he is the Human Certification Lead for the Interim Cryogenic Propulsion Stage (ICPS), as well as providing support to Sierra Nevada Corporation (SNC), where he performs integrated hazard analysis for the Dream Chaser Cargo System (DCCS) and serves as SAS Project Lead.

Mr. Jones has over 13 years of experience working in aerospace, all of which has been supporting various NASA programs, including Space Shuttle, ISS payloads, Constellation Program, and Space Launch System (SLS) Program. Mr. Jones specializes in human spaceflight and human certification, requirements management, hazard analysis, failure modes & effects analysis (FMEA) and quality assurance.

Mr. Jones attended the University of Alabama in Huntsville where he received a Bachelor's Degree in Mechanical Engineering.
